- Line 13.** The SFPC has certain prerequisites, conditions and safeguards to be complied with by the operator of the display. This application is intended to have the applicant acknowledge these prerequisites, conditions and safeguards by reading and initialing each item (Lines 13.1 thru 13.5.2.4).
- If the listed item is not applicable to the circumstance, the applicant is to write "N/A" in place of their initials. An example of this is when shells are manually fired. It would be appropriate for the applicant to write "N/A" for lines 13.4, 13.4.1 and 13.4.2 in place of their initials since those items only relate to electrically fired shells.
- Lines 14 through 16.** Self-explanatory.
